**Beat the Competition at a Price you can't Beat!**

At Team Magic, we are customer driven! We took all of the tank-tough, high-end engineering that we built into our race winning M8 buggy and created the most affordable dirt-pounding, track-ripping RTR package available. The M8JR gets you up and running right out of the box without spending the big bucks it takes even just to get a rolling chassis from some companies.
