- UR1112-P      Fuel Tubing Connector - Purple

*Following our personal trend for offering products to the racing drivers, Ultimate Racing is proud to present this new product called fuel tubing connector. The idea came from its driver's experience. Sometimes, removing and replacing repeatedly the fuel tubing verifying the car during races or cleaning it, the silicone fuel tube gets damaged or cracked. This tube connector allows taking the fuel tube out without removing on the tank or the pipe. It has been designed without any nipple avoiding the fuel tubing potential damage.*
