HARD9010 - HARD Neck Strap

For those of you with only 2 hands, HARD gives you a third hand solution... the H9010 Neck Strap. Designed with the same high quality as all of our tools and equipment, the HARD multi-purpose neck strap can hook-up just about anything you need to hang around.

Perfect for transmitters, cameras, stopwatches, your mobile phone, ID cards and keys... or even just to wear in case you need it while upgrading your coolness factor in the process.

It's durable and tear resistant, yet comfortable and comes in two colours imprinted with our logo. The dependable safety clasp attaches just about anything securely, while the strap length can be easily adjusted longer or shorter as desired.

HARD9012 - HARD Cap

What you race at the track determines how serious you are about winning. For those who want to look the part comes this stylish new cap from HARD. Because we know it is important to be comfortable and look good at the track, as it is to be fast, HARD is releasing the Racing Cap to the masses.

The jet black finish is guaranteed to hide any smudge marks that are bound to occur during a tough day's racing. Featuring an embroidered HARD logo on the centre, other drivers will know you're racing the best. Elegant green stitching shows off HARD's signature colour, while reinforcing the fabric to make this cap even more durable.

Taking a 'one size fits all' approach, our HARD cap is fully adjustable, making it a comfortable fit for any user- beginners, club racers or pros.
